

IIED Centre, National Institute of Technology Srinagar

NOTICE

Innovative/start-up idea registration for obtaining MSME sponsored funding and incubatee support.

We are glad to announce that NIT Srinagar has established an incubation centre under MSME sponsored scheme, which is going to provide seed funding of up to Rs. 15 lakh for each selected idea/innovative project. This information is for all those students, innovators, idea generators, startups and prospective entrepreneurs (including NIT Students) who want to avail financial and technical assistance through this scheme, and are ready to incubate their ideas. This is an excellent opportunity to develop and transform pragmatic ideas into commercial product/service and become job providers rather than job seekers.

To make use of this scheme, Kindly apply meticulously (for obtaining incubation support from IIED Centre, NIT Srinagar). All the terms and condition, eligibility criteria and process is available on the MSME portal, the link of which is provided below.

Guideline for the registration-

- Click on the link given below or type url on google-
<https://innovate.mygov.in/ideas-2020/>
- Click on Participate now , fill the personal details and other details thoroughly
- Choose your Incubation centre as National Institute of Technology Srinagar.
- Fill all the technical and business plan of your innovative idea/ start-up project.
 - Make a 3 min video of your idea (Presentation etc)/ prototype and upload it on youtube or some other such platform and paste the link in the portal, as indicated.
- Save and submit the details.

***Last date for the registration is 20th February 2020**
